

NEXT GEN STRATEGY

BECOME AN INDUSTRY- BEATING LEADER IN ESG AND SUSTAINABILITY PERFORMANCE

We work with clients who bring big bold intentions to this space. It's no longer about compliance outputs, but business critical growth outcomes.

Our core projects run as power-packed 12wk sprints across three core phases.

FIRING-UP LEADERSHIP AMBITION AND BUILDING COMPETENCY

Engaging senior leadership teams with what's possible, with a view to expanding their ESG ambition and realising the full business potential.

We love doing this across 2-days as an offsite retreat - but we're flexible:

- Upskilling Accelerator
- Inspiration: Trends and Futures
- Industry Shining Stars

MAPPING THE OPPORTUNITY AND BUILDING THE PLAN

What could this mean for your business? What are the specifics we have to plan around to land a strategy?

We get under the skin of your business to assess: Skills-gaps | Parameters | Expectations | Commitment.

- Stakeholder interviews
- Immersion in supply chain
- Understanding of all audiences

FUTURE-PROOFING THE BUSINESS

Success for us is landing a strategy capable of magnetising action across a business.

- Full Governance & KPI Suite
- Upskilling Recommendations
- Build out Roadmap: Hero Projects
